Sponsors of 3/7,

Thank you for your support and interest in providing care packages for the Marines and Sailors of 3d Battalion, 7th Marines. The military provides us with what we need, but support like yours helps the Marines and Sailors to get a taste of the comforts of home.

We appreciate the time and money spent to help boost the morale in Afghanistan. We made sure that each Marine and Sailor would have an opportunity to take what they desired from the care packages you sent.

Your love and thoughtfulness was felt by many here and we are blessed to have support from people back home. Thank you for your trust in us to help bring peace and stability to an unstable world. As prayer warriors and sponsors, you made us feel appreciated and loved.

Again, we thank you for your continued support and prayers.

Sincerely,
